

Why let Fidos & Felines care for your pet?

We provide customized services at a reasonable cost to meet the needs of our clients and their pets. In addition, our clients have peace of mind knowing that their homes are secure and that someone is there when they cannot be. Finally, their pets receive better care and more attention than is possible at traditional kennels, and the risk of exposure to contagious disease from other infected animals is eliminated. We find that pets are well-adjusted and happier staying in their familiar surroundings at home.

Our Inspiration

We **love** our animals and want them to be comfortable when we cannot be there. While there are many great kennels around, the **convenience** of having someone come to our home to feed, walk, and play with our pets provides us with **peace of mind**. Our greatest recommendations come from our own happy, healthy pets, Farleigh, Sallie, Sylvia, and Cappie.

We are **passionate** about providing others with in-home pet care so they can know that their home and pets are cared for in the same way we care for our own.

Testimonials

" We could not be happier with Fidos & Felines! We have two one-year old Basenjis, Josie and Bailey. We LOVE our Basenjis, but know they can be mischievous and strong-willed. Jayne handles them like the pro she is, and they love her! She takes them for walks and to the dog park, as well as feeding and caring for them as if they were her own. It is so comforting to have Josie and Bailey taken care of at home. We trust Jayne and her team completely with our dogs and our home."

Sue & Ron M.

"Jayne and Larry are the best. When they first came to our house to speak with us, we were very impressed with their preparation; they considered contingencies we had not thought of. Most importantly, when we returned from our trip we found three happy cats."
